Charging for case and earbuds

When charging the earbuds or charging case, the display will show the charging status and current battery level respectively. It takes approximately 1.5 hours to fully charge the earbuds and around 2 hours to fully charge the charging case.

Power on

The earbuds will power on automatically after being taken out.
Note: Before use, please peel off the protective isolation film on the earbuds.

Pairing the phone

When powered on, the earbuds automatically enter pairing mode. Turn on your phone's Bluetooth and select "E39" to connect.

Touch operation

Battery level display

When the earbuds are placed in the charging case, the power indicator can be triggered.

Connect

When powered on, if the **R** and **L** earbuds lose pairing (**Both left and right earbuds are flashing red and blue alternately**), simultaneously tap touch area 7 times on both the left and right earbuds to restore their pairing. (**One earbud is flashing red and blue alternately**).

Reset E39

When powered on, tap any earbuds 7 times in a row to reset the earbuds.
